VINYL SWING SETS

OFFERING YOU
A WORLD OF FUN!

Thank you for your interest

Browse our catalog to find unlimited configurations, accessories and flexibility for customizing a play set that fits your family, budget and backyard.

It's our personal mission to provide you with top-quality, vinyl play sets that allow children to play safely while interacting and having

fun. We strive to meet and exceed our customers' expectations of value, pricing and service. We promote successful relationships with our customers, employees and suppliers, while enhancing and protecting our reputation.

Vinyl, maintenance-free play sets – no staining, no painting.

- No extra cost on our standard options for customization of play set structures, features and colors.
- Package choices if you prefer not to customize.
- Ability to change or adjust swings so your play set grows as your baby grows.
- Play sets made in the USA.
- An eye on the environment—poly-lumber vinyl made from recycled plastic bottles; rubber mulch and curbing made from recycled tires; a policy of recycling all waste materials for reuse rather than landfills.

We also promise you and your children a world of play set possibilities and adventures. Simply follow the 9 steps to customizing your play set or be inspired by our package options based on our most popular requests. Then contact us with your ideas or questions. We'll be happy to help you bring home a one-of-a-kind play set for your one-of-a-kind kids.

SAFETY & QUALITY

QUALITY

- Use of pressure-treated lumber – rather than untreated wood susceptible to rotting in a few years – covered with vinyl combines the strength of wood with the easy care of vinyl. Vinyl covering also resists wood boring insects and bees.
- Use of heavy-duty walled vinyl adds strength, is fade resistant and is easy to clean; occasional rinsing is all you need to keep your play set looking great.

- Powder-coated brackets resist peeling and rusting.
- Stainless steel bolts and chains will not rust.
- Heavy-duty corner construction is through-bolted with two steel angles; we do not use wood lags, which connect by being driven only half way into the beams.

- Long-lasting poly-lumber roofs – instead of canvas – resist high winds.
- Durable structural parts and sturdy construction create stable play sets that won't tip in high winds or as children swing.

Don't worry,
Mommy. I can hold
tight without getting
splinters!

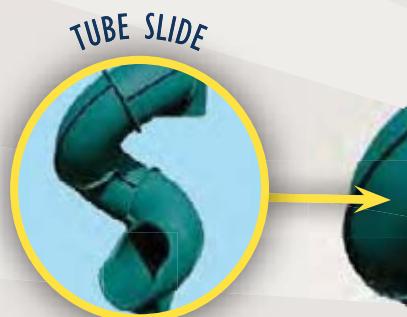

SAFETY

- Vinyl creates a safe, smooth surface that is splinter-free without surface cracks, checks or knotty appearance.
- Entrance ladders come standard with non-slip steps and safety rails.
- Rubber-coated swing chains provide a soft, pinch-free grip.
- Wood-grain texture on decking and rock walls increases traction.
- No shortcuts by using exposed wood on decking underside that risks splinters and cuts from cracks in wood; our play sets feature vinyl covering throughout.

- Heavy-duty swing hangers feature spring clip for easy height adjustment and swing change.
- Two ground anchors included with each swing beam.

Guarantee & Warranty

OUR GUARANTEE

We guarantee your children hours of entertainment and exercise from Pa Dutch Builders' unique combinations of towers, swings, slides and playful accessories. We guarantee adults peace of mind from knowing Pa Dutch Builders places priority on safety features and the highest quality materials and construction. Built to last and designed for fun with options to grow as your child grows – it's the only play set you'll ever need to buy for your children!

WARRANTY

Pa Dutch Builders®, LLC warrants to the original owner at the installation address a Limited 20 Year Warranty covering defects in workmanship and materials affecting the structural integrity of the playground systems, such as the vinyl, poly lumber and wood components. Slides, swings and accessories are covered by a Limited 5 Year Warranty from date of original purchase.

These Limited 20 Year and Limited 5 Year Warranties

apply only to products used for residential, single-family dwellings subject to ordinary use and proper installation. Any play set installed for use other than a residential, single-family dwelling will have a warranty limited to 10 years on the structural integrity of the playground systems and 2 years on slides, swings and accessories.

(See Owner's Manual for complete warranty information).

Pa Dutch Builders®, LLC is continuously striving to improve our play set construction and safety features, and reserves the right to change design and/or components without notice. For example, we have discontinued play sets featuring overhead climbers because safety was compromised when swings and accessories were attached.

FREQUENTLY ASKED QUESTIONS

Why vinyl?

Vinyl offers superior durability and safety as well as easy upkeep. Vinyl is fade resistant, splinter free, doesn't require staining or painting and resists wood boring insects and bees.

What's under the vinyl?

Our premium play sets use pressure-treated lumber covered by heavy-duty walled vinyl. This combines the strength of wood with the easy care and safe, smooth surface of vinyl.

What makes the play sets heavy-duty construction?

In addition to pressure-treated lumber under the vinyl covering, through-bolts and steel angles create heavy-duty corner and all-around construction. Metal powder-coated brackets and stainless steel bolts, screws and chains all resist peeling and rusting.

Can I customize my play set?

Yes! Packages featured in this catalog show our most popular requests, and help you to visualize tower options. You can order a featured package as is, or use packages to get ideas for your custom play set.

Can swings be switched or can we add to the set later?

As your children grow, baby swings can be switched for belt swings or other bigger-kid accessories. At a later date, you can also add swing beams or other features to build out your play set to accommodate changing needs and budget planning.

Why can't I attach swings to an overhead climber?

Swings on overhead climbers create a safety hazard. When in use, a child using the overhead climber can easily get hit by a swinging swing. When swings are not in use, children using the overhead climber risk getting tangled in the hanging swings. As a result, Pa Dutch Builders®, LLC does not permit swings on overhead climbers.

Is there risk of the play set tipping over?

Our play sets are heavy weight and will not tip over in normal wind or use. Ground anchors also help secure swing beams firmly in place.

Does my yard need to be level?

Yes, your yard should be fairly level to safely accommodate a play set. You also will need to locate your play set six feet away from any structure or obstacle.

What type of surface is best for under our play set?

A shock-absorbing, protective surface, such as rubber mulch, is best for reducing the likelihood of injury from falls. Grass, dirt, carpet or thin mats lack the ability to absorb shock; concrete, asphalt and other hard surfaces are even more dangerous.

Are Pa Dutch Builders®, LLC play sets guaranteed?

Our play sets come with a Limited 20 Year Warranty covering defects in workmanship and materials. Slides, swings and accessories are covered by a Limited 5 Year Warranty.

A World of Colors to Choose From!

- Slides are available in yellow, blue or green; Ripple Rush and Extreme Ripple Rush Slides and all Tube Slides are also available in red; see page 50 & 51 for details.

Wood-Grain Brown

Sets are also available in Wood-Grain Brown.

This premium color offers the aesthetic, natural appearance of wood combined with the easy care of vinyl. Here's what makes this color special:

- the same durable, fade-resistant, splinter-free, maintenance-free surface as the standard vinyl
- a wood appearance that blends into natural surroundings, hides dirt and never requires staining

* shows dirt more easily than other colors

** When wood-grain brown structural beam is selected, the play set's roof, rails and brackets will also feature wood-grain brown; other colors cannot be accommodated. Swings, slides and accessories, however, are available in the full range of colors as indicated.

**STEP
2**

CHOOSE YOUR TOWER ROOF

The big bad wolf can huff and puff but he won't blow this roof down. Our play sets' long-lasting, poly-lumber roofs – resist high winds and are made with recycled HDPE plastics – the kind of plastics found in milk bottles.

VINYL PEAK ROOF

Roofs are available in green, red, blue or premium wood-grain brown.

PYRAMID ROOF

4' x 4' or 5' x 5' Tower

Pyramid roofs are available in green, red or blue.

EXTENSION ROOF

Roof covers lower level of split tower. Add on to vinyl peak roof.

**STEP
3**

CHOOSE YOUR ACCESSES

Accesses build children's strength and balance as they climb to the towers. Plus, our access options add character to trigger a world of creative adventures. Note: Frolic Zone Towers come with a built-in ladder.

Tower accesses are available in green, red, blue or premium wood-grain brown.

ENTRANCE LADDER

Features non-slip steps and safety rails.

MINI ROCK WALL

Rock wall rock colors of yellow, green, red or blue can be uniform or mixed.

A smaller rock wall, not as wide. Not available for 7' deck heights.

FROLIC MINI ROCK WALL

A smaller, built-in rock wall for use on Frolic Zone towers only.

STEP 4

CHOOSE YOUR CONNECTORS

CHAIN LADDER

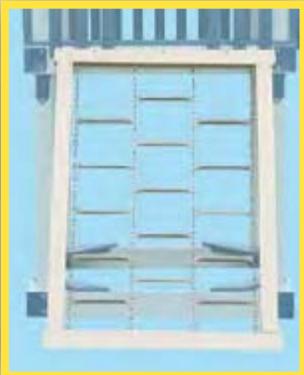

Fastens to play set on top and bottom only. This flexibility adds excitement as well as improves balance and strengthens muscle as kids climb.

Chain ladder available in silver only.

For the Giggle Junction Tower

For any tower with a 5' deck height and 4' or more wide

BRIDGE

8' Long
Custom lengths available

Available in green, blue, red, or brown.

SWING BEAM

The swing beam also serves as a connector if opting for two or more towers.

Brackets are available in green, blue, red, or brown.

CRAWL TUBE

6' long

Available in green, blue, red, or yellow.

CRAWL TUBE WITH 2 ELBOWS

Available in green, blue, red, or yellow.

STEP
5

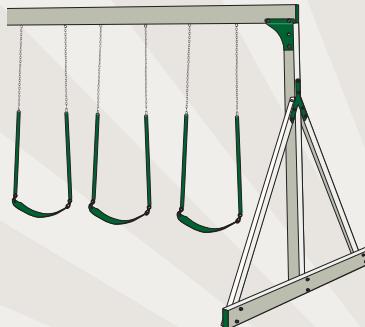

CHOOSE YOUR SWING BEAM

2 POSITION SINGLE BEAM

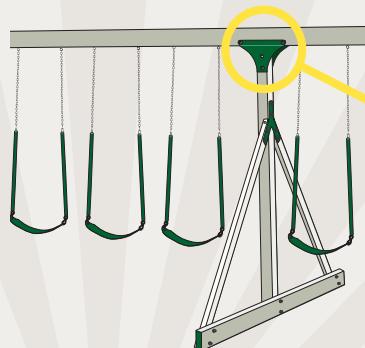

Standard Single Beam
Height is 8'

3 POSITION SINGLE BEAM

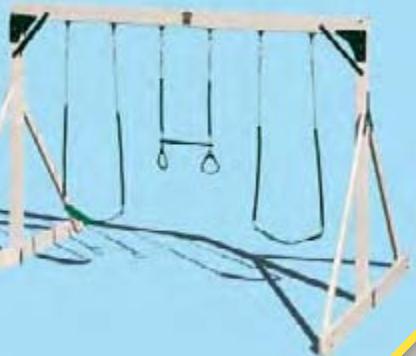

4 POSITION SINGLE BEAM

10' HIGH SWING BEAM

Available in 2, 3 or 4 positions
Requires 7' deck height

Brackets for
all play sets are
available in green,
blue, red, or brown.

FREESTANDING SWING BEAM

Made by adding the 2nd end post

MONKEY BAR OVERHEAD CLIMBER

A great option for connecting
two towers!
Standard Overhead
Climber Height is 8'

We do not recommend using
the overhead climber as a
swing beam due to safety
concerns.

Connector beam adapter allows
you to extend the length of your
set or add a swing beam for use
with one of our
tire swings!

Use on the tower side
of an overhead climber.

ACCESSORY ARMS

Attach to any tower or playhouse to add swings or accessories

1-POSITION 1SIDE

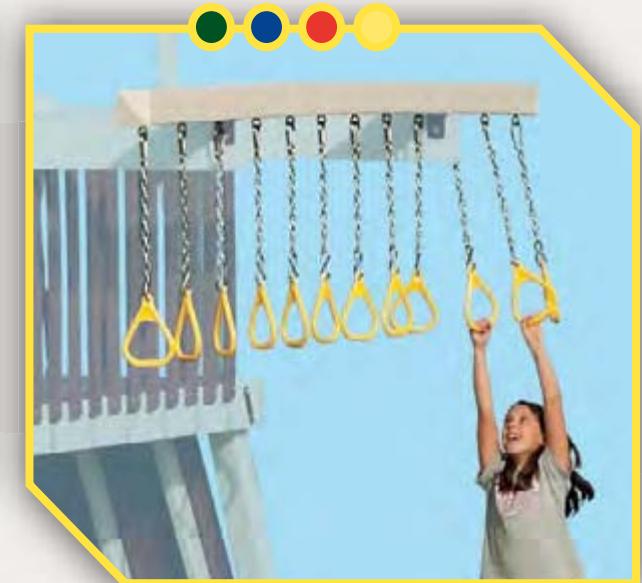

2-POSITION 2SIDES

TRAPEZE RING CLIMBER

Swinging rings challenge kids' coordination. Includes 2 1-position accessory arms; chain height is adjustable.

Rings available in green, blue, red, or yellow.

CHOOSE YOUR SWINGS

Swing low, swing high toward the sky. Pa Dutch Builders®, LLC offers a wide range of swing styles all with rubber-coated swing chains to provide a soft, pinch-free grip. Plus, our heavy-duty swing hangers feature spring clips for easy height adjustment and swing changes so that your play set can grow as your children grow – for example, plan ahead by purchasing a baby swing and a belt swing; simply swap swings as your child matures.

Rubber Mulch, Mats and Curbing

A shock-absorbing, protective surface is top on the safety checklist for home playgrounds. Pa Dutch Builders®, LLC recommends installing your home playground equipment over rubber mulch to reduce the likelihood of injury from falls. Grass, dirt, carpet or thin mats are not considered protective surfaces because they lack the ability to absorb shock; concrete, asphalt or other hard surfaces are even more dangerous. Ground-level equipment – such as a sandbox – does not have an elevated play surface and therefore does not need protective surfacing.

Note: Rubber mulch, mats and curbing are not included in play set packages.

RUBBER MULCH

- Made from 100% recycled tire rubber.
- Non-toxic and meets federal flammability standards.
- Retains cushiony softness year round, and will not freeze.
- Stays in place even in windy conditions.
- Drains and dries quickly after it rains.
- Odor-free, non-staining and non-abrasive.
- Reduces dust and mud.
- Will not rot, attract insects, or promote insect breeding.

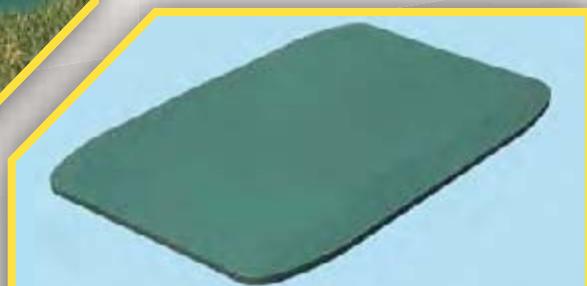

RUBBER MATS

Colorful mats help minimize erosion under swings, or at the bottom of slide exits. They provide extra protection for shock absorption.

Available in green only.

Size: 23" wide x 38" long x 1½" thick with beveled edges

SHOCK ABSORPTION OF A FALL

This graph represents comparison findings of playground surface materials – including recycled rubber safety surface material identical to Rubber Playground Mulch, produced by Rubber Mulch using the same equipment and processes. Study completed using 6 inch depths (except where noted), by the Consumer Products Safety Commission and United States Testing Company, Inc.

CURBS

Standard Border

- 4" x 4" vinyl sleeve borders.
- Accommodates only square corners; does not allow rounded corners or curves.

Our 4"x4" vinyl sleeve border helps keep rubber mulch contained in play area.

Mulch and border availability, may vary depending upon what your representative has to offer. Ask your representative for details.

Optional heavy-duty fabric base under the mulch prevents weeds and still allows drainage.

Rubber Curbing

- Available in 6' lengths and 4" heights; when interlocked you will lose approximately 4" off the 6' length.
- Made from 100% recycled tire rubber.
- Allows for rounded corners and curved designs.
- Stackable to create walls higher than 4".

Our Customers

CUSTOM SETS DESIGNED BY OUR CUSTOMERS

Despite life's everyday challenges, Pa Dutch Builders®, LLC play sets create laughter and smiles that bring simple pleasures home. Here's a glimpse at some of our customers' back yards, and their custom play set creations.

WHAT OUR CUSTOMERS ARE SAYING ...

My son loves his new swing set. I love it because it has done a great job sustaining the Nebraska wind.

– Heather Klepinger

We LOVE our play set! My kids are excited to go on it every day and ask to have their friends & family come and play all the time! Although we've only had it a short time, it's brought lots of fun and happy memories for us all!

– Nicole Swatsky

We love it! Keep it up! I love the quick snap to adjust height on the swing!

– Darin Kauffman

This is a quality product. I should know, I'm an engineer! Great job!

– Christian Lamanna

Picnic Table & Sandbox

My children love it and it complements my back yard beautifully.

– Debbie Hakin

The installation was professional. The team was courteous and respectful. The playground is the best money I've ever spent for my family! Much better than a vacation or some other toy – we use it all day every day! Thank you!

– Brenda M. Montague

I ordered it after hearing all about your wonderful swingsets! Thank you!
– Rachel Ostreicher

First, the people who came to assemble the play set were so polite, thorough and professional. It was clear they took pride in their work. the swingset itself is awesome! Extremely sturdy & very high quality. We are extremely pleased.

– Mark Christensen

We couldn't be happier with the time put in by the Johnson family and the amazing quality of our new swingset!

– The Hunt Family

Extend the adventure and functionality of your play area with a sandbox and picnic table.
